Daniel Johnson

Senior Product Designer | Enterprise UX, Design Systems & AI-Assisted Prototyping

Burleson, TX | Dallas-Fort Worth | 317.756.7488 | folaseyi@gmail.com

Portfolio: https://danieljohnson.bio

Professional Summary

Product and UX designer with 15+ years of experience translating complex requirements into clear, accessible digital experiences. Hands-on expertise in enterprise risk applications, data-heavy dashboards, information architecture, interaction design, and design systems. Partners with product managers and engineers from discovery through implementation, using research, Figma, and functional React prototypes to validate design decisions. Holds a BSc in Computer Science and an MBA in Business Analytics.

Skills

Design: Product design, enterprise UX, UI design, interaction design, information architecture, user flows, wireframes, high-fidelity interfaces, data visualization, dashboards, accessibility, design systems, design tokens.

Research and methods: User research, usability testing, heuristic evaluation, stakeholder collaboration, iterative prototyping, A/B testing.

Tools and technology: Figma, Sketch, React, HTML, CSS, JavaScript, VS Code, GitHub Copilot, internal LLM tools, Power BI, Tableau, Excel, Photoshop.

Professional Experience

Vice President, Innovation & Design Operations

JPMorgan Chase | Plano, TX | Sep 2025 - Present

- Design enterprise risk experiences from requirements and user flows through wireframes, high-fidelity interfaces, interactive prototypes, and implementation reviews.
- Translate complex financial data and business requirements into clear dashboards, navigation, and workflows that help users analyze information and complete tasks.
- Use user research, usability testing, and stakeholder feedback to identify friction and refine design decisions.
- Partner with product managers and engineers to define requirements, evaluate technical feasibility, and deliver accessible, consistent experiences.
- Create and refine reusable components, interaction patterns, and design system guidance across risk products.
- Use Figma, React, and AI-assisted prototyping to explore interactions and validate design behavior through the Cross-Risk UX (CRUX) Innovation Lab.

Vice President, Content & Design

JPMorgan Chase | Plano, TX | Oct 2023 - Sep 2025

- Designed and refined financial product experiences using user research, usability testing, user flows, wireframes, and interactive prototypes.
- Collaborated with product managers and engineers on requirements and roadmaps, translating user needs into actionable design decisions.
- Contributed to the design system and advocated for accessible, inclusive interfaces and consistent interaction behavior.

Professional Experience Continued

Senior UI/UX Designer, Credit Risk

JPMorgan Chase | Plano, TX | Jun 2022 - Oct 2023

- Designed enterprise credit risk workflows and data-heavy interfaces, translating requirements into user flows, wireframes, and interactive prototypes.
- Collaborated with product and engineering teams to refine interface behavior and support consistent, accessible experiences.

UI/UX Designer

Photon Infotech | Apr 2021 - Jun 2022

- Designed web and mobile interfaces, iterated on user feedback, and collaborated with developers on responsive behavior and accessibility.
- Presented research findings and design proposals to stakeholders; used A/B testing to evaluate design alternatives.

Product Designer

Dms Smith | Lebanon, IN | Mar 2020 - Apr 2021

- Created and reviewed print layouts for quality, consistency, and production accuracy; collaborated with marketing and production on branding, photography, and video assignments.

UI/UX Designer

United Bank for Africa | Lagos, Nigeria | Feb 2013 - Aug 2016

- Translated requirements into storyboards, process flows, sitemaps, wireframes, and interactive prototypes for banking websites.
- Conducted usability testing, analyzed feedback, and addressed navigation and responsive interface issues with product and engineering partners.

UI/UX Designer

Freelance | Sep 2008 - 2013

- Designed user flows, wireframes, prototypes, style guides, and reusable patterns for client projects; used heuristic evaluations to identify usability improvements.
- Collaborated with marketing teams on brand consistency and optimized images and graphics for web delivery.

Education

MBA, Business Analytics | Southern New Hampshire University | Apr 2023 - Nov 2024

BSc, Computer Science | Olabisi Onabanjo University, Ago Iwoye, Nigeria | Feb 2005 - Oct 2010
