Daniel Johnson

Senior Product Designer | Enterprise UX, Design Systems & AI-Assisted Prototyping

Burleson, TX | Dallas-Fort Worth | 317.756.7488 | folaseyi@gmail.com
Portfolio: https://danieljohnson.bio

Professional Summary

Product and UX design leader with 15+ years of experience translating complex requirements into clear digital experiences across financial and enterprise products. Combines research, workflow analysis, interaction and content design, and rapid prototyping to connect user needs with business goals and technical realities. Experienced in data-heavy interfaces, accessible design systems, cross-functional facilitation, and AI-assisted design-to-code workflows. Holds an MBA in Business Analytics and a BSc in Computer Science.

Skills

Product and UX strategy: Product discovery, problem framing, journey mapping, information architecture, prioritization, roadmap alignment, stakeholder facilitation.

Design and research: Interaction design, content design, user flows, wireframes, high-fidelity interfaces, data visualization, user research, usability testing, heuristic evaluation, A/B testing, accessibility.

Systems and tools: Design systems, reusable components, design tokens, Figma, Sketch, React, HTML, CSS, JavaScript, VS Code, GitHub Copilot, internal LLM tools, Claude, ChatGPT, Power BI, Tableau, Excel, Contentful, Adobe Experience Manager.

Professional Experience

Vice President, Innovation & Design Operations

JPMorgan Chase | Plano, TX | Sep 2025–Present

- Lead design exploration for complex risk products by clarifying business questions, user needs, and system constraints with product and engineering partners; translate the findings into workflows, high-fidelity interfaces, and implementation guidance.
- Use research insights, usability feedback, and product data to identify friction in dashboards and analysis workflows. Present design rationale and alternatives in reviews to help stakeholders align on priorities and decisions.
- Established the Cross-Risk UX (CRUX) Innovation Lab to explore emerging interface and AI-assisted concepts. Build functional React prototypes with Figma, enterprise tokens, internal LLM tools, and GitHub Copilot, then review them with product and engineering partners to assess interactions and feasibility.
- Guide accessible, reusable interaction patterns and design system components by grounding recommendations in real product workflows and partnering with teams on consistent application.

Vice President, Content & Design

JPMorgan Chase | Plano, TX | Oct 2023–Sep 2025

- Led UX and content design for financial products from discovery through delivery: framed user and business needs, organized information architecture, wrote interface content, mapped flows, prototyped solutions, and partnered with product and engineering on implementation.
- Defined voice and tone, content frameworks, and interaction patterns by translating product requirements into clear language and reusable guidance for accessible web experiences.
- Combined usability testing, A/B testing, and customer feedback to locate friction in content, navigation, and conversion paths; worked with partners to refine alternatives and shared findings to support design decisions.

Professional Experience Continued

Senior UI/UX Designer, Credit Risk

JPMorgan Chase | Plano, TX | Jun 2022–Oct 2023

- Designed enterprise credit risk workflows and data-heavy interfaces by translating requirements into user flows, wireframes, and interactive prototypes for review with product and engineering.
- Partnered with product and engineering to clarify interface behavior, account for workflow and technical requirements, and deliver consistent, accessible experiences.

UI/UX Designer

Photon Infotech | Apr 2021–Jun 2022

- Designed responsive web and mobile interfaces, incorporating user feedback and working with developers to refine behavior and accessibility across screen sizes.
- Presented research findings and design proposals to stakeholders and used A/B tests to evaluate alternatives.

Product Designer

Dms Smith | Lebanon, IN | Mar 2020–Apr 2021

- Created and reviewed print layouts for quality and production accuracy; coordinated with marketing and production partners on branding, photography, and video assignments.

UI/UX Designer

United Bank for Africa | Lagos, Nigeria | Feb 2013–Aug 2016

- Translated banking requirements into storyboards, process flows, sitemaps, wireframes, and interactive prototypes; used usability testing and partner feedback to improve website navigation and responsive behavior.

UI/UX Designer

Freelance | Sep 2008–2013

- Designed user flows, wireframes, prototypes, style guides, and reusable patterns; used heuristic evaluations to identify usability issues and recommend improvements.
- Collaborated with marketing teams on brand consistency and optimized images and graphics for web delivery.

Education

MBA, Business Analytics | Southern New Hampshire University | Apr 2023–Nov 2024

BSc, Computer Science | Olabisi Onabanjo University, Ago Iwoye, Nigeria | Feb 2005–Oct 2010
